Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the free application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief. Sold by all druggists.

IT'S A GOOD POLICY

Always to conserve your resources, but don't do so to the detriment of your earning powers. In other words, don't be stinting in your clothing appropriation, for the very good reason that you cannot combat the present day conception of apparel necessity. The twentieth century demands good clothes and you cannot afford to ignore the demands of the times. The variety of attractive suitings in this establishment, together with the skill of our workmen, enables you to consistently conform to the requirements of society—and without increasing your apparel appropriation.

ONE OF THE "SQUARE MEN" OF JUAREZ TRACK IS RULED OFF TURF

H. G. Bedwell and His Stable Cannot Race Again at the Latonia Track—Is Racing Square?

H. G. Bedwell, the largest purse winner and one of the leading lights of the Juarez races last winter, has been ruled off the Latonia course because his horse Nadzu showed every indication of having been doped before going to the post in the July 4 races. Yet they say that running races in general and the Juarez races in particular are clean. Bedwell was one of the most conspicuous figures at the opening meet last winter. His string of horses won most of the handicap events and it was openly stated that he was the only one of the large number of horse owners who got away from Juarez with more money than he brought into the game. Bedwell has one of the largest stables in the west. He also has money. While at Juarez he was in the thickest of the operations connected with the race track, going from Juarez to Emeryville, Cal., he continued to win purses in the only one of the California tracks that was allowed to run last year.

When Latonia opened, Bedwell, his trainer, Tom McCreary, with 12 horses that he had acquired from the selling races and by other means, showed up as strong as a horse, his name appearing in the reports of the events as the owner of a number of stake winners. Thursday his entire stable of horses, his agent, Tom McCreary, and all of his camp followers were ruled

off the Latonia course. The action followed the investigation by judges Pierce and Dillon of the condition of Bedwell's horse Nadzu, which was not allowed to enter the sixth race on July 4. The condition of the horse, which was apparently under the influence of stimulants, was so noticeable that the animal was not allowed to start. The following day Bedwell and his outfit were suspended pending an investigation and Thursday the judges ordered the entire riding ruled off the track and the case will be reported to the Kentucky Racing commission for future action.

While Bedwell was at the Juarez track he was touted by the official racing paper and the attaches of the race track as "the squarest man among the racing gentry." The result of the investigation shows just how square the squarest is and also throws an interesting light upon the conditions which prevail in the racing game, which allow such things as doping horses and the manipulation of races to permit a certain owner or crowd to win big bets on the outcome of the racing.

The Latonia incident is only another proof that horse racing as it is conducted at the present, is not on the square. It is not even square gambling. The doping and pulling of horses place the outcome in the hands of a few persons, who cash in on their knowledge. This is the case of crooked work was going on in Juarez last winter there is no doubt. Jockeys were suspended and in some cases expelled for life. Trainers and owners were made to withdraw from the races. But this action of the part of the officials may have been only a bluff to give the game the appearance of being square.

SPORTLETS.

(By Tim.)

All's well that ends well, and the ball races on the Poughkeepsie have closed one of the most successful college athletic seasons of history. Every class of sport has met with keen play; diamond and gridiron struggles have been noteworthy.

Frank Gotch, big, old, grasshopper, has given out an Omaha interview in which he retires for all time. Frank was at Reno, and now is on his way to settle on an Iowa farm. Frank's wife.

Here's the worst and latest: G. S. Bush, native acting as umpire, used some naughty language at Adrian, Mich. (Southern Michigan league) and was arrested and fined in a justice court. His ump's paid \$50 and the costs. But how about the players who swear so loud that the whole grandstand can hear?

Boston didn't do a thing, a thing, at New York yesterday. The visitors slugged out 13 circuits, and New York stumbled through but four. Beansburg boys got 19 hits off Vaughn and 'Fritz'. Favorites ran to the queer at Latonia yesterday. Grand Porgy, 12 to 1, took the first event, and so on down the card.

Three home runs and a dozen bingles and better took the game for Wichita over Topeka yesterday, 11 to 6. In a very poor field, Royal Mace, 12 to 1, took the Neptune stakes and \$3000 at

Empire City yesterday. He carried 122 pounds of top weight.

Another 1 and 6 occurred at Chicago with Cincinnati making the 1. Burns made it on a bingle.

Speaking of horse racing, that Bedwell ruling off at Latonia is some scandal. Why couldn't it have happened in Juarez—just for the excitement of the thing?

An agreement to call the contest at 6:25 o'clock at Boston yesterday cost New York the second game after getting a lead of three runs, and allowed Boston to win both games of the double header yesterday. With only a few minutes to play, New York opened the eighth inning of the second game by hitting Ferguson out of the box and scoring six runs off Mattern and obtaining a lead of three runs.

Ban Johnson, president of the American league, has announced the following contracts and releases of players: Release by Detroit to San Francisco, F. Browning; by Washington to Chicago, George Brown.

Roy Junior in track record time cleverly beat some of the fastest horses at Buena Vista yesterday. The second race was marred when three horses fell in a heap. Dr. Mayer fell first and Roy T. and Royal River fell over him. The three jockeys, Morgan, Holland and Callahan, were all badly bruised.
